

# AI-Powered Teacher Coaching & Student Teaching

Personalized insights and robust collaboration for the whole classroom.

## What Is Vosaic AI?

**Vosaic's AI Mate simplifies teacher coaching and student teaching.** By analyzing classroom videos, it instantly reveals personalized insights that help coaches and teachers deliver clear, evidence-based feedback that's easy to absorb and act on.

Leveraging human expertise, **Vosaic makes it easy to tag videos of practice helping teachers and students** reflect, grow, and turn every recorded moment into actionable feedback that drives measurable gains in student learning.

## Why Educators Use It

### Instant Feedback

Eliminate hours of manual review. Custom prompts pinpoint key teaching moments for faster, more meaningful coaching.

### Fast, Smart Analysis

Get detailed insights into teacher pedagogy and student learning before you even press play.

### Easy and Familiar

With a familiar chatbot-style interface, teachers can start using it confidently on day one.

## How It Works

- 1. Record or upload your classroom video** on any device. Vosaic automatically transcribes the video, provides talk-time analysis, and generates a summary report with research-based suggestions.
- 2. Ask detailed questions such as:**  
*"Detect filler words and tell me how often they occurred, with the worst offenders time-stamped?"*  
*"Cite examples of student engagement according to Danielson's 3c."*
- 3. Analyze AI's time-stamped responses** and select specific moments for additional review and feedback.

## More Than Just AI

Vosaic supports full-cycle instructional coaching, student teaching and PLC collaboration with tools designed to drive growth:

- No new hardware or cameras required
- Private & secure video recording and sharing
- Custom feedback rubrics
- LMS integrations (Canvas, Brightspace, and others)
- Unlimited free users
- Single Sign-On (SSO)
- World-class support & personalized onboarding

## WHY IT MATTERS

Educators need more than a snapshot to assess performance. Vosaic captures full moments, providing context-rich evidence for meaningful improvements.
